**TEAM WORK IN
INFECTION PREVENTION
AND CONTROL**

**Friday,
October 17, 2008
8:00 am – 3:30 pm**

**Children's Hospital
Central California
9300 Valley Children's Place
Madera, CA 93638**

**SEMINAR DESCRIPTION
AND OBJECTIVES**

Introduction

This one-day conference will bring healthcare professionals together to focus on the topics necessary to perform a thorough outbreak investigation and implement changes to reduce the risk of infection.

By the end of the seminar, participants will:

Identify the basic steps to outbreak investigation in a health care facility

Be familiar with Syndromic Surveillance

Understand the relationship between the CDC, State and County health department functions in hospital acquired infection outbreak investigation

Know how to use AHRQ* TeamSTEPS tools to help their health care organization plan, conduct, and evaluate its own team training program.

Identify methods for MRSA prevention and control

**AHRQ is the US Dept of Health's Agency for Healthcare Research and Quality*

APPROVALS

Provider approved by the California Board of Registered Nursing, Provider number 08230 for

5 contact hours
